

shall submit a request for OCC approval of a dividend under 12 U.S.C. 60 to the appropriate district office.

(c) *Surplus surplus*. Any amount in capital surplus in excess of capital stock required by 12 U.S.C. 60(a) (referred to as “surplus surplus”) may be transferred to undivided profits and available as dividends, provided:

(1) The bank can demonstrate that the surplus came from earnings of prior periods, excluding the effect of any stock dividend; and

(2) The board of directors of the bank approves the transfer of the surplus surplus from capital surplus to undivided profits.

§ 5.65 Restrictions on undercapitalized institutions.

Notwithstanding any other provision in this subpart, a national bank may not declare or pay any dividend if, after making the dividend, the national bank would be “undercapitalized” as defined in 12 CFR part 6.

§ 5.66 Dividends payable in property other than cash.

In addition to cash dividends, directors of a national bank may declare dividends payable in property, with the approval of the OCC. Even though the property distributed has been previously charged down or written off entirely, the dividend is equivalent to a cash dividend in an amount equal to the actual current value of the property. Before the dividend is declared, the bank should show the excess of the actual value over book value on the books of the national bank as a recovery, and the dividend should then be declared in the amount of the full book value (equivalent to the actual current value) of the property being distributed.

§ 5.67 Fractional shares.

To avoid complicated recordkeeping in connection with fractional shares, a national bank issuing additional stock by stock dividend, upon consolidation or merger, or otherwise, may adopt arrangements such as the following to preclude the issuance of fractional shares. The bank may:

(a) Issue scripts or warrants for trading;

(b) Make reasonable arrangements to provide those to whom fractional shares would otherwise be issued an opportunity to realize at a fair price upon the fraction not being issued through its sale, or the purchase of the additional fraction required for a full share, if there is an established and active market in the national bank's stock;

(c) Remit the cash equivalent of the fraction not being issued to those to whom fractional shares would otherwise be issued. The cash equivalent is based on the market value of the stock, if there is an established and active market in the national bank's stock. In the absence of such a market, the cash equivalent is based on a reliable and disinterested determination as to the fair market value of the stock if such stock is available; or

(d) Sell full shares representing all the fractions at public auction, or to the highest bidder after having solicited and received sealed bids from at least three licensed stock brokers. The national bank shall distribute the proceeds of the sale *pro rata* to shareholders who otherwise would be entitled to the fractional shares.

Subpart A—Capital Categories

§ 6.1 Authority, purpose, scope, and other supervisory authority.

(a) *Authority*. This part is issued by the Office of the Comptroller of the Currency (OCC) pursuant to section 38 (section 38) of the Federal Deposit Insurance Act (FDI Act) as added by section 131 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (Pub. L. 102-242, 105 Stat. 2236 (1991)) (12 U.S.C. 1831o).

(b) *Purpose*. Section 38 of the FDI Act establishes a framework of supervisory actions for insured depository institutions that are not adequately capitalized. The principal purpose of this subpart is to define, for insured national banks, the capital measures and capital levels, and for insured federal branches, comparable asset-based measures and levels, that are used for determining the supervisory actions authorized under section 38 of the FDI Act. This part 6 also establishes procedures for submission and review of capital restoration plans and for issuance and review of directives and orders pursuant to section 38.

(c) *Scope*. This subpart implements the provisions of section 38 of the FDI Act as they apply to insured national banks and insured federal branches. Certain of these provisions also apply to officers, directors and employees of these insured institutions. Other provisions apply to any company that controls an insured national bank or insured federal branch and to the affiliates of an insured national bank or insured federal branch.

(d) *Other supervisory authority*. Neither section 38 nor this part in any way limits the authority of the OCC under any other provision of law to take supervisory actions to address unsafe or unsound practices, deficient capital levels, violations of law, unsafe or unsound conditions, or other practices. Action under section 38 of the FDI Act
